Camp's Recommendations:

1. In case of any illness - mainly communicable diseases such as chicken pox, measles, mumps, rubella, and scarlet fever... please do not send your child to camp unless he/she is completely cured.

2. If your child has had high fever or flu, he/she should only be sent to camp after 24 hours have passed and fever is considerably lower. This will avoid transmission of infection to other campers or to staff.
